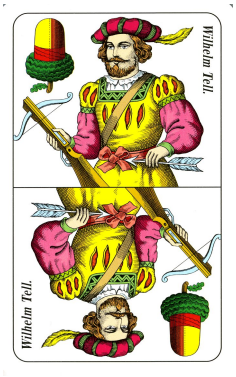
16th Annual Fuchs Tournament



The tournament will be held just prior to the Father's Day Gulasch Dinner on Sunday, June 25th. Games start promptly at 1:30 p.m. Registration begins at 1:00 p.m.

Fuchs is a fascinating 4-player card game unique to the Donauschwaben. It uses 24 cards from the William Tell deck. Partners aren't known at the beginning of a game and must be discovered during the course of play. Half the cards are trump. Strategy and cooperation with your (initially unknown) partner are used to win at least 61 of the 121 points by capturing the high point-value cards using your powerful but low value trump.

Players should bring a $2 entry fee and $3 in change to use for playing. Two rounds of games are played to determine the table winners (Tischmeisters), who then play a fresh round to determine Fuchsmeister. Prizes are awarded to the TIschmeisters and the Fuchsmeister. The Fuchsmeister also has their name added to the winners' plaque, displayed at the entrance to the member's hall. All participants keep their winnings.

If you don't know how to play or are new to the game, come out and see a 200 year old cultural tradition in action. Learn strategies from the participants. You can also register for a free class.
